

High-definition LCD screen
displays the charging status
and battery level clearly.

compatible with types of Li-ion
and Ni-MH/Ni-Cd batteries

Li-ion/LiFePO4:

10440 14500 16340 17500 17650 17670

18350 18490 18500 18650 26650 22650

Ni-MH/Ni-CD:

AA AAA C

Intelligent LED charger

- ◆ Compatible with different battery types
- ◆ High-definition LCD screen display
- ◆ AC and DC charging supported
- ◆ Multiple protection

JETBEAM®

JET-Q2 Intelligent
LED charger

Dual-channel intelligent charger

which is support AC and DC charging,
and convenient charging in a car.

* please do not use AC and car charging at the same time.

Features

- ◆ Input: AC 100-240V 50/60Hz 350mA(max)
or DC 12-24V 1000mA(max)
- ◆ Output: 4.2V/3.65V/1.5V 500mA*2/1000mA*2
- ◆ Compatible with:
 - 3.2V/3.65V Li-ion/LiFePO4:
10440 14500 16340 17500 17650 17670 18350
18490 18500 18650 26650 22650
 - 1.2V Ni-MH/Ni-CD:
AA AAA C
- ◆ Size: 145*75*39.5mm
- ◆ Weight: 180g
- ◆ Operating Humidity: 5% to 90%
