FL1 STANDARD	Turbo	High	Medium	Low	Eco	Strobe
	2400LM	1100LM	300LM	65LM	6LM	1200LM
	3.5h	4.5h	8.8h	37h	350h	5.2h
	26677cd (21700 battery maximum light intensity)					
	326m (21700 battery maximum range)					
	1m (Anti-drop height)					
	IPX8 (2 meters underwater)					

The above data is based on the measurement method described in the international flashlight measurement standard ANSI/NEMA, FL1. It is measured in the laboratory using a JETBeam 21700 (5100mAh) rechargeable lithium battery. Different batteries or use environments may affect the above data.

JETBEAM®

KO-03
EVERY DAY CARRY SERIES

2400
LM

- Specially designed for camping, every day carry, adventure and searching
- Uses one Luminus SST-70 with lifespan of 50,000 hours
- Extremely high-performance outdoor flashlight with max output up to 2400 lumens driven by one high-rate 21700 power battery
- Compatible with one 20700 battery , one 18650 battery or two CR123A batteries
- Portable power bank Function, Provide for occasional needs
- Five brightness levels and a strobe available with memory function
- Convenient built-in USB-C charging port
- Max intensity up to 26,677cd with a throw distance of 326meters
- Intelligent temperature control system to maximize lifespan of LED
- Toughened ultra-clear mineral glass with anti-reflective coating
- Constructed from aero grade aluminum alloy
- Military grade HAIII hard-anodized
- Magnetic tailcap with stand capability
- Instant strobe with double-press side switch
- Waterproof rating: IPX-8 (2 meters under water)
- Impact resistance of 1meter
- Tail standing
- Dimensions: 134.8mm (Length) * 34.3mm (Head Diameter) * 25.8mm (Tail Diameter)
- Weight: 123g (Without battery)
