EXTRA SECURITY

Trailer theft is something every trailer owner fears, so protecting your trailer is the obvious course to take. The simple solution to fix a hitch lock to the hitch when it is not in use, is a very good solution for deterring the average opportunist thief, but is it enough to prevent the more professional thieves?

At SAS we have been protecting trailers through our extensive range of security products since 1987, and whilst no device can completely stop theft, the more security products you fit, the safer your trailer becomes, hopeful causing them to abandon and seek an easier target. This is why SAS offer a complete range of security products to protect your asset from multiple angles, ensuring maximum deterrence and give you the peace of mind that your trailer will remain in your hands.

THE TRAILER CLAMP

The Trailer clamp is an ideal for Trailer Tents, Camping and Jet-Ski trailers, as well as general purpose domestic trailers. An incredibly strong clamp for those who value quality, want ease of use and peace of mind!

- Fits 8", 10" and 12" Central dished TRAILER wheels
- Secure dome covers all 4 nuts/bolts (150mm x 75mm)
- High security steel encased lock
- Double locking for maximum security
- Quick and easy to fit
- Excellent visual & physical deterrent
- Supplied in Durable Plastic Carry Case for Easy Transportation
- Multiple clamps can be ordered with locks on the same key

...powerful new product... easy to fit, it can be secured in under a minute and is ideal for protecting your trailer while out on the lake.

WHEELCLAMPS

THE NEW DEFENDER RANGE

For those who take security seriously, the New Defender will give you a versatile clamp that won't be beaten easily. The two sizes available cover a vast range of vehicles, including large off-road vehicles.

- Unique design fully protects against driving out or removal by tyre deflation
- High security anti-pick, anti-drill, steel encased lock
- Fits over wheel trims on steel or alloy wheels
- Adjustable arms fit around wheel and lock securely
- Excellent visual & physical deterrent
- New Defender is supplied in Durable Plastic Carry Case
- New Defender Large is supplied in Cardboard Box

“Here is a wheel clamp that will definitely not surrender to bolt cutters or hacksaw– no way... it is really thief resistant and tough.”

John Marchmont, Caravanners Handbook

“Good effective design, solid and well made, denies access to wheel nuts, a good visual deterrent, easy to fit at a reasonable price.”
